

VIRAL SELFIE TUTORIAL STRUCTURE

Use this format to create viral selfie content that resonates with Melissa—your dream follower. Based on proven iPhone creator strategy + Sandra’s confident storytelling style.

STRUCTURE BREAKDOWN (REEL FORMAT)

1. HOOK (0–3 sec)

- Bold, curiosity-driven opening line.
- Examples:
 - “You’ve been doing mirror selfies wrong...”
 - “If your selfies look blurry—change this setting.”
 - “Here’s how I get that glow without filters.”

 *Say it on camera or use on-screen text overlay. Must stop scroll.*

2. VISUAL DEMO

- Step-by-step breakdown of what you’re teaching (pose, angle, phone setting, etc.)
- Always include a side-by-side or before/after if possible
- Keep clips fast-paced and clean

 *Use iPhone screen recordings or mirror demo + include YOU in the frame where possible (Melissa wants to learn from YOU).*

3. TEACHING POINTS (Overlay or Voiceover)

- Short, value-packed statements that explain WHY it works
- Keep it simple and benefit-focused

 *Think: Why should Melissa care? What result will she get?*

4. CTA (Call to Action)

- Offer a resource: freebie, kit, or paid product
- Say it clearly or write it in text overlay or captions

Examples:

- “DM **SELFIE** for my free selfie guide”
- “DM **KIT** if you want the full Selfie Starter Kit (\$27)”
- “Want to build your brand? DM **CEO**”

📌 *Mention CTA in the REEL and in the CAPTION.*

CAPTION TEMPLATE (Use With Each Reel)

1. Start with a relatable truth or struggle
2. Reveal your hack or shift
3. Show results or impact
4. End with a clear CTA

Example: I used to HATE how I looked in mirror selfies 😞 Too short. Too awkward. Just not it. This one change? Game changer. So simple, but it changed my confidence ✨ DM **SELFIE** and I'll send you the free guide 📧

REPEAT STRUCTURE EXAMPLES:

1. “One setting that fixes blurry selfies”
 2. “How I get that blurry background”
 3. “3 poses that always work”
 4. “Why I flip my phone upside down”
-

RULES TO FOLLOW:

- Use trending or vibey audio (but not too fast!)
- 15–30 sec max
- Show your face! Even if demoing, appear in intro or outro
- Always end with transformation or takeaway
- CTA slide or line in caption = non-negotiable
